NOTICE OF ANSWER TO OPPOSITION

TAKE NOTICE that the Registrar is in receipt of an answer, filed on the 9th day of July, 2010, by British American Tobacco (Brands) Inc. (The Applicant), of 2711 Centerville Road, Suite 300, Wilmington, Delaware 19808, U.S.A., to the opposition by Philip Morris Products S.A., of Quai Jeanrenaud 3, 2000 Neuchâtel, Switzerland, filed on the 27th day of May, 2010, against trade mark application No. 6606.10, filed on the 16th day of February, 2010, by British American Tobacco (Brands) Inc. (The Applicant), for the registration of the following trade mark, as proprietors thereof:

The Applicant hereby gives notice that the following are the grounds on which it relies as supporting the above trade mark-

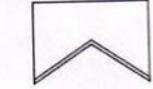

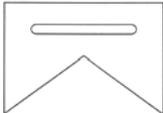

1. the Applicant's mark (the BULL'S EYE Device"), which is the subject design in Application No. 6606.10 is inherently and sufficiently distinctive in its own right as it accomplishes, inter alia, the essential function of a trade mark to distinguish the Applicant's products from those of other entities within the same market;
2. the BULL'S EYE Device does not constitute a simple geometric shape but is entirely fanciful, arbitrary and unconventional. The many peculiarities in the design make the mark particular and clearly identifiable with the Applicant's products and its corresponding business;
3. the mark has been considered inherently distinctive and has thus obtained registrations in other countries such as Andorra, Armenia, Azerbaijan, Benelux, Chile, China, Colombia, Croatia, Georgia, Kazakhstan, Kyrgyzstan, Lebanon, Netherland Antilles, Paraguay, Russian Federation, Switzerland, Tajikistan, Turkmenistan, and Uzbekistan;
4. further, the BULL'S EYE Device has acquired a distinctive character owing to the Applicant's prolonged and continuous use of the Device on its products for many decades and thus has become well known to consumers of tobacco products all over the world. The BULL'S EYE Device should therefore also be entitled to protection because, before the date of application, the mark has acquired a distinctive character as a result of the use made of it;
5. the BULL'S EYE Device has acquired its reputation mainly through its use on the Applicant's LUCKY STRIKE brand of cigarette. The LUCKY STRIKE mark is well known to tobacco consumers all over the globe and has been registered under Class 34 in several countries throughout the world including Belize under the Applicant's prior registered trademarks bearing Registration Nos. 289 and 4081.06. The LUCKY STRIKE mark uses the BULL'S EYE Device as a prominent and distinctive part of its design, which has become widely recognized by the average consumer of the goods in Class 34;
6. the Applicant has no intention of appropriating a simple geometric figure but instead seeks to give protection to a distinctive element of a well known brand that the Applicant has been using over many years and consists of a set of elements which provide more than sufficient distinctiveness for registration;
7. consequently, the Applicant submits that it is appropriate to register the BULL'S EYE Device in Belize to further protect one of the most distinctive elements of the LUCKY STRIKE brand architecture. The Applicant therefore seeks the registration of the

BULL'S EYE Device as stylized variation of the already registered well known design used as part of the LUCKY STRIKE brand;

8. the Applicant therefore prays that the opposition be dismissed and that the mark be registered.

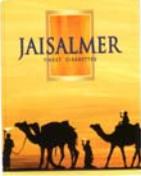

DATED this 15th day of July, 2010.
