APPLICATIONS FOR TRADEMARK REGISTRATION

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on March 26, 2008, by MasterCard International Incorporated, of 2000 Purchase Street, Purchase, New York 10577-2509, U.S.A., through its agent Belize Corporate & IP Services Limited, of The Volta Building, Gaol Lane, Belize City, Belize, for the registration of the following service mark, as proprietor thereof-

MASTERCARD

in respect of-

- (a) International Class 38 for Internet based telecommunication services; data communication services; electrical data transmission over a global remote data processing network, including the Internet; transmission of data through the use of electronic image processing by telephone link; electronic mail, message sending and receiving services;
- (b) International Class 39 for transport; arranging cruises; car rental; parking place rental; delivery of goods; storage of goods; transportation of goods; wrapping and packaging of goods; parcel delivery; parcel distribution; packaging and storage of goods; removal services; travel courier services; travel guide services; travel reservation; escorting of travellers; transport of travellers; travel arrangement for use in connection with banking;
- (c) International Class 42 for design and development of computer hardware and software; computer hardware and software consulting services; computer programming; support and consultation services for managing computer systems, databases and applications; graphic design for the compilation of web pages on the internet; information relating to computer hardware or software provided on-line from a global computer network or the internet; creating and maintaining web-sites; hosting the web-sites of others; creation of web pages; the design, creation and hosting of merchant websites; the designing, creation and hosting of bill payment websites; computer and Internet related services namely, providing on-line electronic databases via a global computer network in the field of identity authentication and verification for use in connection with banking and the provision of financial services; data encryption and decryption of financial information; technical consultation services in the fields of computer programming, financial computer networks, data processing, secure communications, data encryption and decryption and local area network security; dissemination of information over a global computer network in the fields of computer software, computer hardware, financial computer networks and local area networks.

The applicant claims that this mark is used in Belize.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 5267.08 should do so in writing addressed to the undersigned not later than the 5th day of March, 2010.

DATED this 9th day of December, 2009.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on May 23, 2008, by Kamsut, Inc., of 2151 Anchor Court, Thousand Oaks, CA 91302, U.S.A., through its agent W.H. Courtenay & Co., Attorneys-at-Law, of 1876 Hutson Street, Belize City, Belize, for the registration of the following trade/service mark, as proprietor thereof-

CFE(6):26.13.25
in respect of-

-
- (a) International Class 3 for body oil, body cream, body powder, body massage cream, body soap, non-medicated bath salts, massage oils; massage creams; pleasure heightening balm, cosmetics;
- (b) International Class 5 for personal lubricants; and balms, namely salves, gels and ointments for use on the skin;
- (c) International Class 25 for clothing, T-shirts, lingerie, loungewear and sleepwear;
- (d) International Class 35 for retail store services, on-line retail store, wholesale store and wholesale distributorship services, featuring skin care items, personal care items, boudoir items, oils, lotions, cosmetics, massage oils, massage creams, bath gels, skin powder, body paint, perfumes, personal lubricants, analgesic balms, aromatic balms, skin moisturizers and conditioners, massage lotions, non-medicated skin care preparations, and clothing.

The applicant claims that this mark is being used in respect of the goods mentioned.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 5406.08 should do so in writing addressed to the undersigned not later than the 5th day of March, 2010.

DATED this 9th day of December, 2009.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on December 8, 2008, by Molson Canada 2005, of 33 Carlingview Drive, Toronto, Ontario, M9W 5E4, Canada, through its agent Arguelles & Co., Attorneys-at-Law, of 35 New Road, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

MOLSON

in respect of International Class 32 for brewed alcoholic beverages namely beer, ale, lager, porter and stout.

The applicant claims that it has a bona fide intention that the trademark be so used in Belize in relation to the goods mentioned.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 5892.08 should do so in writing addressed to the undersigned not later than the 5th day of March, 2010.

DATED this 9th day of December, 2009.

(3rd issue)

WHEREAS, the Registrar is in receipt of an application filed on March 6, 2009, by Panasonic Corporation, of 1006, Oaza Kadoma, Kadoma-shi, Osaka 571-8501, Japan, through its agent Glenn D. Godfrey & Company, Attorneys-at-Law, of 35 Barrack Road, Belize City, Belize, for the registration of the following trade mark, as proprietor thereof-

Panasonic ideas for life

in respect of-

- (a) International Class 7 for machine tools; industrial robots for use in manufacture; gas operated soldering machines; chip mounting machines; semiconductor sealant molding machines; plasma washing machines; metal cutting machines by use or arc, gas or plasma; electronic component placement machines; electronic component insertion machines; soldering paste printing machines; adhesive dispensing machines for electronic component placement; laser inspection machines other than for medical purposes; electronic component feeders; die bonding machines; wire bonding machines; flip chip bonding machines; assembly machines for flat panel display; thermo compression bonding machines; dry etching machines; high throughput screening system; optical disc mastering machines; optical disc replication machines; optical disc bonding machines; laser processing machines; CO₂ laser oscillators for soldering, jointing and processing; electrically operated tools for crimping cables; accessories and head

attachments for electric power tools; tool bits, frill sockets and drill tips for electric power tools; chucks for electrically operated nut drivers; blades for electric cutters; electrically operated cutters for metal and or wood; machine saws for metal and or wood; replaceable blades for electric power tools; electrically operated circular saws for metal and or wood; electrically operated reciprocating saws; blades for electrically operated cutting machines, tools and apparatus; adaptors for adjusting head attachments to electric power tools; carrying cases for electric power tools; tool belts for holding electric power tools; machine parts for heat exchanger units; electrically operated tools for polishing; electric motors, other than for land vehicles; electricity generators; electricity generators, wind and or solar powered, equipped with lighting apparatus; machines for centrifugal blowers; machines for axial flow blowers; reduction gears other than for land vehicles; motors for hard disk drive; fan motors for personal computers; fan motors for office automation instruments; elevators lifts for use in factory; elevators lifts for use in building; elevators lifts for domestic use; lifting apparatus for lightings; washing and drying machines; washing machines; tubes as structural parts for clothes washing machines; clothes drying machines; dish washing machines; dish drying machines; electric compressors for use in refrigerators; electric compressors for use in air conditioners; compressors [machines]; pumps [machines]; mixing, cutting and chopping machines; electric chopping, mixing and cutting machines', for food; electric hand mixers for household purposes; electric food processors household purposes; electric can openers; electric knife sharpeners; electric coffee mills; electric food blenders for household purposes; electric juice extractors for household purposes; electric ice-cream making machines; electric meat grinders for household purposes; electric ice crushers; electric waste processors; electric garbage disposals; electric lawnmowers; blades for lawnmowers; hedge trimmers; power pruners; electric pole-pruners for household purposes; electric wood shredding machines; cultivation machines for gardening; electric agricultural sprayers; electric appliances for cleaning; electric vacuum cleaners; electric floor polishers; dirt collectors for commercial use; electric dust, lint vacuum cleaners for clothes; electric lint removers; blowing engines; water feeding apparatus; electric grooming brushes to intake loose hair of pets; electric vacuum cleaners for loose hair of pets; electrical brushes for pet grooming; electric potter's wheels; wheel washing machines; ultraviolet curing machines; kitchen garbage chutes; electric staplers other than for office use; photovoltaic power generators; home electricity generation installations; water sprinkling machines for garden use; waste compacting machines;

- (b) International Class 8 for razors for personal use; electric shavers; electric razors; refillable cartridges cosmetic attached to electric shavers; adapters for electric shavers; blades for electric shavers; blades for electric clippers; safety razors; blades for safety razors; blades for electric trimmers; electric hair clippers; electric clippers for pets; electric beard trimmers; cleaning apparatus, cleaning utensils and charges for electric shavers; shaver cases; depilation appliances, electric and non-electric; nail polishers, electric and non-electric; manicure sets, electric and non-electric; pedicure sets, electric and non-electric; electric nail files for pets; tool belts [holders]; electric nose hair and ear hair trimmers; hand instruments, non-electric hair curlers; hand instruments, non-electric hair irons; hand instruments, non-electric curling brushes;
- (c) International Class 9 for cases for cameras; electric flash lights for cameras; digital still cameras; digital cameras with functions of video camera, audio player and voice recorder; parts and fittings for digital still cameras; plain paper copiers and parts thereof; empty toner cartridges; electronic white boards; optical lenses; automatic document feeders for office use; fire-extinguishing apparatus; batteries; batteries and dry cells; battery charges for storage batteries; rechargeable batteries; nickel cadmium batteries; nickel hydrogen batteries; lithium iron phosphate batteries; lithium phosphate batteries; electric wiring apparatus; electrical connectors; electric sockets; dimmer switches and parts thereof; time switches and parts thereof; magnetic switches and parts thereof; photo-electric switches and parts thereof; electrical switches and parts thereof; detection switches; electric wiring devices with sensors; operating switches; dimmer function switches; electrical conduits of metal and accessories; flexible electrical conduits; floor ducts for housing electric cables; cable racks for electrical wires and cable laying materials; ballasts for lighting; circuit breakers; circuit protectors; thermal protectors; earth leakage breakers; electric power distributing boxes; electric outlets; fixing frames for electric outlets; electric taps; popup type electric floor outlets; electric floor outlets; electric wiring floors; under carpet wiring installations; electrical plugs; warning apparatus and instruments other than for vehicles; monitoring televisions for use in video intercom systems; intercoms; gas leakage alarms and parts thereof; anti-theft warning apparatus; glass break detectors for anti-theft warning apparatus; thermic ray detectors for human body detector alarms burglar alarms; infrared detectors for infrared transparence block detectors/burglar alarms; electric door chimes; radio receiving/transmitting devices for alarms; buzzers; fire alarms; fire detectors; fire alarm bells for sound equipment; smoke prevention equipment for fire interactive control panels; emergency alarm equipment manually or automatically-activated fire alarms; automated emergency notification equipment; notification equipment for fire alarms and intrusion; electric locks; electric door openers; electric automatic doors; finger print recognition equipment for access controls equipment; face recognition equipment for access controls equipment; video monitoring systems for access control equipment intrusion detection equipment; person identification alarm equipment for imaging sensors; security key boxes for key storage control alarm interactive system; remote lighting control systems; electric receivers for automatic wireless shutter open/close remote controllers; electric transmitters for automatic wireless shutter open/close remote controllers; remote controller transmitters/receivers; remote control switches for televisions or radios; radios; cassette tape players/recorders; radio cassette recorders/players; portable cassette tape players; portable radio cassette players/recorders; optical disc players/recorders/drives and parts thereof; cases for portable audio players; lens cleaning discs for optical disc players; IC memory and/or hard disc players/ recorders; MP3 (MPEG-I Audio Layer-3) players; speakers for audio equipment; stereo tuners; amplifiers; microphones; record players; slip mats for turntable; graphic equalizers; clock radios; IC recorders for voice recorders; digital sound processors; headphones; cordless headphones; earphones; karaoke sing-along machines; audio/visual software, recorded; audio disc players; memory players; iPod; built-In CD player; MP3 player: cassette

adapters for reproducing sound on optical discs; apparatus for public address sound system; audio mixers; audio equipment cleaners; optical fiber cables; audio cables/video cables; car audio apparatus; car mount holders for computers, audio/visual equipment, car navigation systems; wireless microphone systems consisting of wireless microphones, wireless transmitters, wireless powered speaker, wireless receivers, wireless amplifiers, diversity tuners; digital multi equalizers; digital multi processors; power amplifiers; audio visual machines, apparatus and instruments; television receivers; cathode ray tube displays; cathode ray tubes; image pick tubes; plasma television receivers; plasma displays; plasma display panels; power supply units for plasma display panel; stands for plasma display panels or plasma television receives; LCD television receivers; liquid crystal displays; liquid crystal display panels; projection television receivers; combined television receivers incorporating video tape recorders; combined television receivers incorporating disc players; antennas; video tuners; liquid crystal display projectors; lenses for liquid crystal display projectors; ceiling mount brackets for liquid crystal display projectors; lamps for liquid crystal display projectors; digital light processing projectors; lenses for video projectors; video cassette recorders/players; camcorders; parts and accessories for camcorders; cables for camcorders; cases for camcorders; electric viewfinders for camcorders; waterproof covers for camcorders; alternating current adapters for camcorders; batteries for camcorders; shoulder straps for camcorders; digital high definition video cassette tape recorders/players; color image large-scale display apparatus; cable television systems; hard disk drivers; audio/visual apparatus used as educational devices; electric optical display boards; multi purpose electric information display systems; surveillance cameras; closed circuit video equipment systems; electric and electronic video surveillance installations; DVD recorded software; television cameras; video switchers; non-linear editing systems; editing controllers; DVD authoring apparatus; light emitting diode displays; USB cables; in-vehicle camera apparatus; electric wireless camera; electric wireless camera monitoring apparatus; video signal converters for network cameras; recording software exclusively used for network cameras; network camera controllers; servers for network cameras; outdoor wireless cameras with motion sensors; convertible cameras; switches for live image production; graphic processors for real time program making; editors to combine picture and sound; DVD video recorders/players; LCD video monitors, wireless displays; carrying handles for projectors; dual stacking mount brackets for projectors; downloadable electronic publication; all-in-one DVD video cassette recorders/players; table racks for liquid crystal display televisions; optical disc machines and apparatus; optical disc drives; optical disc recorders; optical disc players; optical disc changers; optical disc cartridges; optical disc mastering apparatus; facsimile transceivers; transceivers; telephones; cellular phones; cellular phone batteries; IP telephones; cordless telephones; conference speakerphones; accessories for cellular phones; telephone answering machines; global positioning system receivers; radio telephones; marine radars; radars; multi-channel access radio systems; electric traffic information apparatus; apparatus for video teleconferencing; apparatus for local area network; car navigation equipment; electronic toll collecting units for cars; remote controllers for audio/visual machines; photo printers for household purposes; video printers; multi-function printers; finishers for multi-function printers; paper feeding stands for multi-function printers; units for transporting papers for multi-function printers; units for hard disk drive for multi-function printers; memory boards for multi-function printers; document distribution systems for multi-function printers; waste containers for toners for multi-function printers; verification stamps for multi-function printers; accessibility kit for multi-function printers; G3 communication units for multifunction printers; internet facsimile units for multi-function printers; extensions units for multi-function printers; catch trays for multi-function printers; voice mail apparatus for multi-function printers; RFID reader/writer for multi-function printers; LAN boards for multi-function printers; extension cassette for multi-function printers; handset units for multi-function printers; paper cassettes for photo printers; carrying bags for photo printers; wireless conference speakerphones; in-vehicle IT terminals; facsimile machines; intelligent transport system applied to telecommunications and control technologies to address issues such as traffic accidents and congestions; visual/information distribution systems; digital broadcasting systems which consists of video cameras for digital broadcast, switchers, outside broadcast vans; multimedia learning systems consisting personal computers, recorders and software; emergency call remote controllers; on/off remote controllers; inverters for power units; sequencers for programmable logic controllers; installations for receiving high voltage electricity; power capacitors; iris reader camera systems; automatic controlling machines and instruments; computers and computer peripheral devices; computers; micro processor unit cooling fans; gateway apparatus for computer broadband network; wireless personal computer memory, card international association communication cards; recorded computer software; image scanners; printers for computers; empty toner cartridges for computer printers; compact flash cards; personal computer memory card international association adapters; PC cards; computer keyboards; floppy disk drives; card readers; card reader/writers; bar code readers; bar code scanners; time recorders; portable data terminals; electronic cash registers; terminals for point of sales systems; mobile computers; personal digital assistants; CAD/CAM systems; hard disc drives; electronic calculators; network cameras; uninterruptible power source for computers, communication and broadcasting apparatus; multi-function printers, namely, those which can be used as a printer, a scanner and a facsimile machine in one unit having network connectability; wireless LAN adaptors; Ethernet power supply adapters; SD memory data copy apparatus; network disk recorders; memory card camera recorders; memory card recorders; memory card drives; digital video cassette recorders/players; digital video cassette camera recorders; video encoder cards; car adaptors for computers; digital data storage apparatus using magnetic tapes; optical disc cartridges; DATA data storage apparatus; non-shrinkage low temperature co-fired multilayer ceramic substrates; external data storage media; video cassette tapes; cleaning tapes for tape drives of audio/video tape recorders/players; D-VHS video cassette tapes; digital video cassette tapes; audio cassette tapes; floppy discs; blank optical discs; IC memory cards; secure digital memory cards; measuring apparatus and instruments; thermoluminescence dosimetry systems; dosimeters equipped with alarms; counters; ammeters; power consumption meters; electric leakage meters; electric insulation meters; thermometers, not for medical purposes; measurement system processors; micro-precision measurement devices; audio/video analyzers; oscilloscopes; modulators; voltmeters; distortion meters; electric body-fat measuring and weighing scales; weighing machines/scales; pedometers; calorimeters for physical exercise; exercising pitch

gauges; breath odor meters; halitosis meters; hour meters; electricity testing and measuring instruments; power measuring equipment; motor ability training simulators; clamp meters; multi-circuit type electric power monitors; gas meters; ultrasonic gas meters; light emitting diodes; large scale integrations; one chip microcomputers; halftone image processors; semiconductor memory devices; permanent magnets; electric connectors; semiconductor lasers; CCD image sensors; metal-oxide semiconductor image sensors; film capacitors; membrane units for oxygen enrichment; electric tuner units; high frequency units; radio frequency from end system units; radio frequency modulators; coin validating units; coin selector units; bill validating units; bill selector units; magnetic card readers/writers; speaker components; ac adapters; convergence magnets; magnet rolls; DC/DC converters; coils inductors; capacitors; filters being electrical/electronic components; light modulators; light deflectors; optical transmission components; optical coupling components; laser diode modules; photo diode modules; optical connectors; aspherical lenses; deflection yokes; thermistors; surge absorbers varistors; piezoelectric ceramics components; ceramic oscillators; surface acoustic wave oscillators; acousto-optic devices; electric resistors; potentiometers; trimmer potentiometers; thermal cutoffs; electric apparatus consisting of resistor array for interface circuits for resistance networks; electric apparatus consisting of capacitor array for interface circuits for capacitance networks; electric apparatus consisting of resistor array and capacitor array for interface circuits for resistance/capacitance networks; hybrid IC; track ball input devices; electro luminescence elements; magnetic resistive elements; electric coils; choking coils impedance; touch panels; remote control units; duplexers; surface acoustic wave devices; baluns; electric power dividers; voltage controlled oscillators; wireless communication modules/units; radio frequency modules; phase locked loop synthesizer modules; thermal printer units; bi-directional low-power wireless modules; direct current to alternating current inverters; power supply units; fluorescent lamp inverters; ballasts for discharging lamps or tubes; electrical ignition units for home appliances; bead cores; bead arrays; micro chip fuses; electric timers; electric flat irons; electric hair curlers; electric hair irons and accessories thereof; electric eyelash curlers; electric hair curling brushes; electrical ionizing brushes for commercial use; electric hair curling irons for commercial use; electrically heated eyelash curlers for commercial use; electric fans for use in computers; counters; apparatus and instruments, all for current engineering for telecommunications, high-frequency and regulation apparatus and instruments, all for current engineering, conduction, transformation, storage, regulation and control; electricity conduits; distant measuring apparatus; levelling instruments; remote controls for lighting; electric or electronic liquid level controllers; circuit controllers; indicator panels and annunciator panels for use in factories; remote control panels for lighting; control panels for elevators; lighting control panels; voice control panels for emergency escape guiding system; line selectors; relays electric; solenoids; electric coils; switchboards; current converters; socket plates for covering socket outlet; voltage regulators for electric power; aeriels; electric laser markers; animal alert devices using ultrasonic wave; radio transmitters/receivers and their tools for pet search; ultrasonic detectors which detect wrings, piping and intermediate posts on the back of wall in building and rooms; recorded video discs and tapes; distribution board cabinets capable of storing IT equipment; power control panels; computerized indication panels for indicating presence/non-presence in offices, and systems therefore; switch gears, electric; terminals for television; pilot lamps; adapters and connectors for telephone wires; plug-in phone jacks; luminous or mechanical road signs; vibroacoustic devices; navigation equipment for detection of location; timers for use in factories; software for use in sequencers for programmable logic controllers; software for processing images and graphics; temperature regulators; equipment sensors; interfaces for computers; image processing systems; appearance testers, not for medical purposes; direct current power supply units; battery chargers; electrical sockets; electrical adaptors; earth terminals; electric extension cords; modular jacks connectors for in-house LAN; coating materials for exposed wirings for conductor seal pipes; computerized time clocks for use in facilities; ultraviolet curing apparatus; plasma washing apparatus; electric trouser presses; computer software for assisting programming of industrial equipment control; electric arc welding apparatus; welding electrodes; electronic component placement apparatus; electronic component insertion apparatus; soldering paste printing apparatus; adhesive dispensing apparatus for electronic component placement; laser inspection apparatus, other than for medical purposes; electronic component feeders; die bonding apparatus; wire bonding apparatus; flip chip bonding apparatus; assembly apparatus for flat panel display; thermocompression bonding apparatus; dry etching apparatus; high throughput screening systems; optical disc mastering apparatus; optical disc replication apparatus; optical disc bonding apparatus; three dimensional profilometers; micro soldering apparatus; solder fume removing apparatus; switch units integrated with nurse call button, outlets, lights, and so on to be installed at the hospital room bed heads; electric insect killing apparatus; electric soldering machines;

(d) International Class 10 for surgical, medical, dental and veterinary apparatus and instruments; orthopedic articles; suture materials; suture materials; dental charge coupled device sensor system; bone densitometer; medical laser treatment devices; ultrasonic diagnostic equipment; hearing aids for hearing-impaired persons; laser scalpels for medial use; electronic blood pressure meters; blood pressure management system; electric massage chairs; electric massage beds; massage apparatus; household massagers with water injection function; beautification massagers for commercial use; electronic clinical thermometers; electric beds for medical purposes; low frequency electric therapy apparatus; high frequency electric therapy apparatus; high frequency electromagnetic therapy apparatus; electrical therapeutic appliances; electric air mats for prevention of bedsores; electrical air massage mats; electric inhalers; electric heating pads for medical use; sheets for medical use; electrically heated carpets for medical- use; pillows for therapeutic use; electric sensors for blood sugar level measurement; electric sensors for blood lactate level measurement; DNA analysis apparatus; diagnostic apparatus and instruments for medical purposes; testing apparatus and instruments for medical purposes; electric blankets for medical purposes; oral irrigators for medical purposes; electric esthetic massagers for household use; beds for medical use;

(e) International Class 11 for installations for lighting; incandescent lamps; fluorescent lamps; head lamps; fluorescent lighting fixtures; incandescent lighting instruments; electrical bulbs and lighting instruments; miniature bulbs; screw-in fluorescent lamps;

torches for lighting; electric lanterns; dynamo lighting sets for bicycles; sensors lights; discharge lamps and fittings thereof; productive lighting instruments; wall lights; garden lights; ceiling lights; electric lamps for repelling moths; electric lighting equipments for trapping insects; electric insect trapping killing apparatus in the form of lamps; germicidal lamps; gate lights; escape lights; street lights; chandeliers; glow switch lamps; downlights; glow switch starters; desk lights; lamp sockets; lanterns; installations for cooking; automatic bread makers for home use; electric kettles; autoclaves electric pressure cookers; electric rice cookers; electric porridge cookers; electric roasters; ovens for cooking; toasters; coffee percolators, electric; coffee filters, electric; coffee roasting machines; electric cooking stoves; electric thermo pots; gas cookers; induction heating hobs; electric barbecue griddles for household purposes; electric blenders for household purposes; electric juicers for household purposes; electric hand mixers for household purposes; electric food processors for household purposes; electric meat grinders for household purposes; electric can openers for household purposes; electric knife sharpeners; electric coffee mills; microwave ovens for domestic use; gas cooking stoves with ovens; electric food pans; electric dish washing and drying machines; sinks; water faucet metal ware; electric cooking utensils; electric tea leaf grinders; electric rice cake makers for cooking; electric frying apparatus for cooking; induction heating electronic rice cookers/warmers; electronic rice cookers/warmers; built-in gas cookers; trim kits for microwave ovens; installations for refrigeration and freezing; refrigerators; gas refrigerators; freezers; cold/hot water dispensers; cold water dispensers; hot water dispensers; electric water coolers; electric ice makers; electric fans for ventilation; ventilating fans for household use; electric dehumidifiers; electric humidifiers; air curtains; air handling units; ceiling fans; roof ventilators; electrostatic precipitators for cleaning air; electric deodorizers for cars; centrifugal fans; axial flow fans; electric air purifiers; electric air purifiers; electric air purifiers for household purposes; filters for air purifiers; filters for household air purifiers; range hoods for cookers; ventilation systems; air outlets for air conditioners; apparatus for making and supplying oxygen enriched air; heat exchange cooling units for cooling electric apparatus instruments; electric air deodorizers; installations for heating, cooling and air-conditioning; air conditioning apparatus; remote controllers for air conditioners; air conditioners for automobiles; fan coil units for air conditioning; heat exchanger units; electrically heated carpets; electric space heaters; electric blankets other than for medical purposes; electric radiant heaters; hot-water space heating apparatus; hot water floor heating apparatus; electric hand warmers, including glove types and others; electric heating equipments; electric foot warmers; electric floor heaters; gas fired heaters and hot water suppliers; heat pump units; CO2 heat pump water heaters; car seat heaters; positive temperature coefficient heaters; carbon lamp heaters; installations for sanitary purposes; toilets with washing functions; septic tanks for domestic use; septic tanks for industrial use; water purifying and mineralizing apparatus for household use; garbage incinerators; sauna baths; steam saunas; shower rooms; electric bubble dispensers; electrical foam makers for household use for body washing; cordless air dischargers for home bubble bath; shower heads; water boilers showers; instantaneous water boilers; bathtubs with wash place; bathtubs; electric air bubble bathtubs; set units of toilet bowl and seat; water boilers for bathrooms; bath boilers; toilet bowls; electrolyzed water generators; electric water heaters; toilet seat units with washing water squirts; bidets; metallic bathtubs; portable toilets; portable bidets; battery-operated scalp massagers; water heaters; gas instantaneous water heaters; dryers for hair; electric hand dryers; electric dish drying machines; electric clothes drying machines; electric hair dryers for household use; electric hair dryers for commercial use; brushes for hair dryers for household use; brushes for hair dryers for commercial use; electric appliances for domestic use; panel heaters; whirlpool baths; electrical automatic waterer for home gardening, and parts and accessories thereof; spotlights; temporary emergency lighting; emergency lights; indicator lights; mercury vapor lamps; high-pressure mercury vapor lamp instruments; sodium lamps; safety lamps light diffusers; searchlights; ventilations, air-conditioning installations and apparatus; electric refrigerators for cosmetics; dryers for pets; electric cooling/warming mats for pets; household humidifiers; household deodorizing equipment; household electric dehumidifiers; electric hand dryers; electric ionizing combs for household use; electric ionizing brushes for household use; electric ionizing combs for commercial use; electric ionizing brushes for commercial use; electrical hair curlers for household use; electrical hair curlers for commercial use; electric make-up removing appliances for commercial use; electric make-up removing appliances for household use; electric dead skin cell removers; electric face brushes for household use; electric face brushes for commercial use; electric hair steamers for commercial use; electric hair steamers for household use; electric facial equipments using ultrasonic wave, for house hold use; electric facial equipments using ultrasonic wave, for commercial use; electric facial treatment equipment for household use; electric facial treatment equipment for commercial use; electric esthetic massagers for household use; steam generators for facial treatment, for household use; steam generators for facial treatment, for commercial use; electric pore cleansers; electric cooler/warmers; stools for Japanese style toilet; water taps made of metal; wash basins for lavatory; bathtub units integral with wash place and dressers; electric incense burners; apparatus for shower; water softening apparatus for domestic use; water softening apparatus for commercial use; replacement cartridges for water softening apparatus; ionic water generators; water purifying apparatus; electric heaters for bathrooms; electric heaters for dressing rooms; electric stoves for bathrooms; electric water supplying instruments; electric water pressurizing apparatus; bathroom handrails, not of metal; water supply installations; automatic sprinklers for watering flowers and plants.

The applicant claims that it has a bona fide intention that the trademark be so used in relation to the goods mentioned.

ANY person desirous of making opposition to, or observations in respect of, the above-cited application, whose Number on the Register is 6019.09 should do so in writing addressed to the undersigned not later than the 5th day of March, 2010.

DATED this 9th day of December, 2009.

Title: AMINOTETRAHYDROPYRANS AS DIPEPTIDYL PEPTIDASE-IV INHIBITORS FOR THE TREATMENT OR PREVENTION OF DIABETES	
Abstract: The present invention is directed to novel substituted aminotetrahydropyrans of structural formula (I) which are inhibitors of the dipeptidyl peptidase-IV enzyme and which are useful in the treatment or prevention of diseases in which the dipeptidyl peptidase-IV enzyme is involved, such as diabetes and particularly Type 2 diabetes. The invention is also directed to pharmaceutical compositions comprising these compounds and the use of these compounds and compositions in the prevention or treatment of such diseases in which the dipeptidyl peptidase-IV enzyme is involved.
